

A REVOLUTIONARY NEW SKIMMER

Introducing Aeraqua: A powerful yet compact new Protein Skimmer from Maxspect.

The Aeraqua is fully integrated and highly optimised, and don't be fooled by its size, the Aeraqua is rated for up-to 450 gallon (1,700 litre) tanks!

TAKE FULL CONTROL OF YOUR SKIMMER WITH OUR SYNA-G APP

NOTHING ELSE COMES CLOSE

Not only is the Aeraqua the world's first **dual intake with dual needle wheel** protein skimmer, packed into its compact frame you also get **precision water level control**, allowing you to simply adjust the water level precisely and easily with the front dial. The Aeraqua is also **extremely quiet**, due to the air silencer being integrated into the bottom panel of the skimmer. If that's not enough, the Aeraqua's quick-releases disassembly makes **maintenance easy**, allowing you to remove, clean, and reassemble all components quickly. **Aeraqua**, the perfect skimmer for home aquarists.
